METAPOL

[metapol.com.mx](http://metapol.com.mx)

In a dynamic and competitive market environment, to remain and be attractive, it is vital to have differentiated products that are the solution to each personalized requirement. As passionate experts in metallic effects, we offer the best pigments that guarantee trendy products of high colours and bright visual effects.

In Metapol we are open to change to develop customers not only satisfied but loyal to our brand.

The ALU line opens a great possibility of creating exceptional metallic finishes with a wide range of aluminum pastes going from fine and smooth to thick and sparkling particle sizes.
